

Dear Student,

Re: Sixth Form, September 2021

Recently, you completed a short survey during registration. The purpose of the survey was for you to list the subjects you would potentially be interested in studying in Year 12.

It is important to note that you are not committing yourself to any subject at this stage. We ask you to indicate your preferred options so that we can gauge potential class sizes and so that we can try to form a timetable which accommodates the wishes of students as far as we possibly can. Once we have collated the responses to the survey, we will be in a stronger position to confirm whether it is possible to run all courses and to begin to examine option blocks. Should courses not be viable, we aim to inform you as soon as possible.

As stated in my previous letter, the offer of a place in Year 12 is based on your current progress and previous academic reports. **Your confirmed subject choices will not be finalised until the end of the Summer Term**, pending Teacher Assessed Grades; satisfactory feedback from discussion with the Sixth Form Team and other relevant staff, including subject teachers and Curriculum Leaders.

**In addition to taking into consideration current progress and previous academic reports, you will be required to continue to meet the following criteria:**

- **Evidence of commitment and engagement during remote learning including the completion of tasks, activities and assessments**
- **Continued engagement in all lessons between now and summer term, including the completion and submission of all tasks, activities and assessments**

As a Sixth Form Team our priorities are simple: not accepting second best for you or from you; offering the widest possible range of high-quality experiences that are personal to you and your goals; and early identification of academic and pastoral support. With a clear focus on hard work, these things are eminently achievable.

St Julie's Sixth Form is an inclusive Sixth Form, with personalised pathways for all of you which, when combined with the extra-curricular and super-curricular opportunities available, will allow you to achieve your individual potential and beyond.

I will write to you again in due course with further updates. In the mean time, have a safe and restful Easter break.

**Mrs Jones**

Head of Upper School
