

St. Julie's Catholic High School

Please see below useful links to websites and online resources to support all students from Years 7 to 13. If parent/carers have any issues with accessibility, please contact school via email or the feedback form and we will happily support with any technical issues. We also have a fully resourced VLE that can be accessed via the school website www.stjulies.org.uk. This includes PowerPoints, worksheets, exam tests and past papers.

There are resources available at <http://www.stjulies.org.uk/isolation> but the best and most current material can be found on our VLE at vle.stjulies.org.uk/moodle

When accessing the VLE you will be prompted for your username and password. This is the same information that you enter when you log into a computer in school. **PLEASE NOTE** that you do NOT enter your email address to log in to the VLE, you just use your username, e.g. 19jonesj, and your usual password.

This document is available as a hyperlinked document on our VLE so that you can just click on the links. Use the link address below or point your phone at the QR code.
